

Internet Acceptable Use Policy

POLICY IFBG

Acceptable Use Policy

Savannah-Chatham County Public School System (SCCPSS) provides a full range of electronic information systems, including Internet resources, for all students. Use of all electronic resources supports the vision, mission, and goals established by the SCCPSS. Access to these resources will automatically be provided to all students.

Parents have the option to deny their child access to online technology resources. To deny access to services, please visit your child's school to request the Savannah-Chatham County Public Schools Parental Request to Deny Access to Online Technology Resources form. Sign and date the form, and return it to the main office at your child's school.

The Technology Resources Acceptable Use Policy IFBG can be found in the Board Policy Manual at www.sccpss.com.

I understand and will abide by the provisions and conditions of this agreement. I understand that any violations may result in disciplinary and/or legal actions. I also agree to immediately report any misuse of technology resources or services to my teacher or staff member.

Student Name

Homeroom

As the parent/legal guardian, I hereby certify that I have received, read, and understand that the Savannah-Chatham Public Schools are providing internet resources and information services for educational purposes.
